[Newborn Screening - PerkinElmer](#)

[Prenatal Testing - PerkinElmer](#)

PerkinElmer is the global market leader in neonatal screening, currently serving customers in more than 100 countries. We are a total solution provider offering complete systems based on a broad range of high quality, validated products, including newborn screening kits, consumables, instruments, and software. Our global presence and comprehensive support mean that our expertise is always available to you.

At PerkinElmer, we believe all expectant mothers should have a healthy pregnancy and all babies should have a better start in life. To do so, we provide laboratories and clinics with complete screening solutions that enable them to identify a wide range of disorders from early in the pregnancy to the first few weeks of birth.

PerkinElmer is the global leader in prenatal and newborn screening. Last year, 135 million PerkinElmer tests were used to screen babies for various disorders. To date, more than 702 million babies have been tested for life-threatening diseases using PerkinElmer's newborn screening tools.
